DESCRIPTION
Water-borne, ready to use light filler. Filling ability 4 mm with no cracking. Minimal shrinkage and good adhesion.

RECOMMENDED USES
Interior walls and ceilings on dry premises.

PRODUCT FEATURES
Particularly suitable for leveling gray substrates, such as gypsum board, concrete, light-weight concrete and rendered surfaces, but also for chipboard and woodfiber board surfaces. Also ideal for smoothing the joints between gypsum boards.

The above information is not intended to be exhaustive or complete. The information is based on laboratory tests and practical experience, and it is given to the best of our knowledge. The quality of the product is ensured by our operational system, based on the requirements of ISO 9001 and ISO 14001. As manufacturer we cannot control the conditions under which the product is being used or the many factors that have an effect on the use and application of the product. We disclaim liability for any damages caused by using the product against our instructions or for inappropriate purposes. We reserve the right to change the given information unilaterally without notice.

APPLICATION INSTRUCTIONS

Application conditions
The surface to be treated must be dry. The minimum ambient temperature for use of the product is +10 °C and maximum relative
air humidity 80%.

Surface preparation
Unpainted surfaces:
Clean the surfaces of dirt. Remove any dust and loose material by brushing.

Previously painted surfaces:
Wash previously painted surfaces with Maalipesu cleaning agent. Remove as much paint as you can with a scraper and sand
painted surfaces to a matte finish. Remove the sanding dust.

Application
Apply Presto Kevyttasoite LH with a smoothing trowel. Sand the dried surface and remove sanding dust. Apply another coat of
filling if necessary.

Cleaning of tools
Clean tools with water.

Environmental and waste disposal
Deliver empty packaging and hardened mortar to a recycling point or waste tip according to local regulations.

HEALTH AND SAFETY LABELLING according to Regulation (EC) No. 1272/2008
Contains 1,2-benzisothiazol-3(2H)-one (BIT) and reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and
2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1) (C(M)IT/MIT (3:1)). May produce an allergic reaction. Wear protective
gloves. This product contains a biocidal product for the preservation of the product during storage. Contains: reaction mass of: 5-
chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1) (C(M)IT/MIT
(3:1)).
