DESCRIPTION

RECOMMENDED USES
Painted and unpainted surfaces, such as fences, pavers and other wood and stone structures in yards.

PRODUCT FEATURES
Regular treatment with Pihan Huoltopesu keeps surfaces in good condition by preventing microorganisms that thrive especially on dirty surfaces from adhering and growing.

PIHAN HUOLTOPESU

APPLICATION INSTRUCTIONS

Mixing components
1 part of Pihan Huoltopesu, 5 parts of water.

Application
Apply the solution of Pihan Huoltopesu and water with a sponge, soft brush or by spraying on the dirty surface from the bottom upwards. Using warm water improves the effect. Let the solution work for approximately 15 minutes and rinse the surface thoroughly with clean water, for example with a garden hose. Avoid excessive pressure when rinsing surfaces with a pressure washer. Enhance the cleaning of heavily soiled surfaces by brushing.

Cleaning of tools
Clean tools with water.

Environmental and waste disposal
Recycle empty, dry cans or dispose them of in accordance with local regulations. Do not empty undiluted solution into drains, water systems and soil. Destroy the undiluted liquid waste according to the local regulations for hazardous waste.

HEALTH AND SAFETY LABELLING according to Regulation (EC) No. 1272/2008
WARNING. Causes serious eye irritation. If medical advice is needed, have product container or label at hand. Keep out of reach of children. Wear protective gloves. IF IN EYES: Rinse cautiously with water for several minutes. Contains < 5 % anionic surfactants, < 5 % non-ionic surfactants and < 5 % phosphates.
