TIKKURILA

PRESTO J
JOINT FILLER

DESCRIPTION  Water-borne, ready-to-use filler for filling gypsum board seams. Filling ability: 2 mm with no cracking.

RECOMMENDED USES  Interior walls and ceilings on dry premises.

PRODUCT FEATURES  For filling the seams between gypsum boards and, in particular, attaching sealing strips. Apply manually with a steel trowel or mechanically with a "Bazooka" automatic taping tool.

APPLICATION INSTRUCTIONS

Application conditions
The surface to be leveled must be dry, the temperature of the surface and air at least +10 °C and the relative humidity of the air below 80 %.

Surface preparation
Remove any adhesion-reducing dust and loose material by brushing.

Application
Manually:
Spread Presto J Saumatasoite with a steel trowel so that it fills the dent formed by the thinned edges. Press the sealing strip into the filler with the steel trowel. Spread any effusive filler on top of the joint tape. If necessary, add more filler on top of the joint tape until the joint is filled.

Mechanically:
Fill the machine with Presto J Saumatasoite. Work on the joint following the instructions provided by the manufacturer of the device.

When the base filler has dried, level the surface with one or two coats of Presto LH Kevyttasoite or Presto R Telattava filler. After the filler has dried, sand the surfaces with sand paper.

Cleaning of tools
Clean tools with water.

Environmental and waste disposal
Deliver empty packaging and hardened mortar to a recycling point or waste tip according to local regulations.

HEALTH AND SAFETY LABELLING according to Regulation (EC) No. 1272/2008
Contains 1,2-benzisothiazol-3(2H)-one (BIT) and reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1) (C(M)IT/MIT (3:1)). May produce an allergic reaction. Wear protective gloves. This product contains a biocidal product for the preservation of the product during storage. Contains: reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1) (C(M)IT/MIT (3:1)).
